IN 1999

1.

Old tree of Uppies  
When will we see your like again  
We fought and died for  
For we will victor again  
Come through the ages  
Grow loud not softly  
And send the whole world  
To think again

2.

Shoulder to shoulder  
We stand and we will fight till the end  
For we are a beacon  
Of unity and pride  
We rise together  
To face any Challenge  
And send the whole world  
To think again
